

## 2. STATES WHERE THE 1949 IDP IS ACCEPTED

The 1949 International Driving Permits are valid for one year from their date of issue. However, the state in which the visitor is driving may limit the period during which an International Driving Permit is recognised for **each** visit to that state (*if so this is indicated in the main body of this Study*). In any case, the length of the visitor's stay is determined by the validity of his visa or authorised length of stay as a visitor. Please note that most countries will only recognize 1949 International Driving Permits if accompanied by the corresponding national driving permit, even if this is not specified in the Convention.
