

### 3. STATES WHERE THE 1968 IDP IS ACCEPTED

The 1968 International Driving Permits are valid for up to three years after their date of issue or until the date of expiry of the domestic driving permit, whichever is earlier. However, the state in which the visitor is driving may limit the period during which an International Driving Permit is recognised for **each** visit to that state (*if so, this is indicated in the main body of this Study*). In any case, the length of the visitor's stay is determined by the validity of his visa or authorised length of stay as a visitor. The 1968 IDP is recognised only if presented together with the corresponding national driving permit on the basis of which it was issued.
