## 1. GENERAL

BRP-ROTAX GmbH & Co KG, Rotaxstr. 1, 4623 Gunskirchen, Austria and its authorised distributors / partners organize the ROTAX MAX Challenge Grand Finals (RMCGF), International ROTAX MAX Challenges (IRMC) and National ROTAX MAX Challenges (RMC).

### **ROTAX MAX Challenge**

Describes the concept of the ROTAX MAX Challenge program and specifying the regulations for the national RMC's in various countries which are the basis for the qualification for the RMCGF.

All the parties concerned (FIA, CIK-FIA, ASN, organisers, entrants and circuits) undertake to apply and observe the rules governing the race events.

Any International RMC event shall be run in accordance with the RMC Series Sporting Regulations, the RMC Technical Regulations and the International Sporting Code («the FIA-CIK International Sporting Code») and its Appendices, with the Karting Technical Regulations («the FIA-CIK Technical Regulations») and with any international regulations including these, with the General Prescriptions applicable to CIK-FIA Karting International events («the FIA-CIK General Prescriptions»), as well as with any supplementary regulations drawn up by the ASN concerned.

Any changes or exemptions to the RMC Sporting regulations and RMC Technical regulations require the written approval of ROTAX following the agreement of the ASN presenting the series and or the CIK / FIA.

**ANYTHING WHICH IS NOT EXPRESSLY ALLOWED IS FORBIDDEN.**

## 2. REGULATIONS

The Event shall be run in accordance with:

- the FIA International Sporting Code and its appendices
- the FIA and CIK-FIA official Bulletins
- the CIK-FIA Technical Regulations
- the General Prescriptions applicable to CIK-FIA Karting International Events (Chapter 4.1 of the International Karting Regulations)
- the Global Rotax MAX Challenge Technical Regulations 2023
- the Global Rotax MAX Challenge Project E20 Technical Regulations 2023
- the official Bulletins
- these Global Rotax MAX Challenge Sporting Regulations 2023

All drivers, entrants and officials participating in the RMC 2023 undertake, on behalf of themselves, their employees and agents, to observe all these regulations.

The final text of these Global RMC Sporting Regulations shall be the English version, which will be used should any dispute arise as to their interpretation. Headings in this document are for ease of reference only and do not form part of these Sporting Regulations.

Rotax reserves the right to amend this regulation.

## 4. ELIGIBLE DRIVERS

RMCGF seats will be awarded by a qualification matrix executed by ROTAX. Responsible distributors may split up the granted seats among their territories. The number of seats per territory can change yearly.

ROTAX reserves the right to offer wild cards and driver packages to drivers according to criteria as it deems fit.

ROTAX also reserves the right not to accept an entry, without having to provide any justification.

ROTAX reserves the right to grant additional drivers from different classes to different countries under certain conditions to participate at the RMCGF.

The RMCGF 2023 is an international restricted event by invitations controlled by ROTAX (according to the FIA-CIK International Sporting Code).

Expenses for the supplied karts, engines, tyres, petrol and entry fee for qualified drivers of the RMCGF 2023 is covered by ROTAX and its distributors.

Drivers can qualify via International or Nationals event providing the ROTAX MAX CHALLENGE Global sporting regulations 2023 and "ROTAX MAX CHALLENGE Global Technical regulations 2023" are followed in the RMC classes. With prior pre agreement ROTAX selected distributors can utilise the seat allocation to nominate loyal ROTAX customers to participate at the RMCGF 2023.

ROTAX reserves the rights to manage participation for Project E20 events as it sees fit.

## 5. QUALIFICATION FOR RMCGF

125 Micro Max, 125 Mini MAX, 125 Junior Max, 125 Senior MAX/Masters and 125 DD2 MAX/Masters class: The overall winner of each national RMC class with authorisation in writing from ROTAX may qualify.

Additional drivers can qualify via international RMC.

The number of qualifying drivers must be defined in the sporting regulation of the respective race series.

DD2 MAX Masters: The overall winner of each national RMC, DD2 MAX Masters and/or Senior MAX-Masters class and/or the overall best placed master's driver (fulfilling the age limits for a Master's category following Rotax Global Sporting regulations 2023) of a national RMC in MAX or DD2 class with authorisation in writing from ROTAX may qualify.

At any time ROTAX reserves the right to offer wild cards or loyal ROTAX customer driver packages to drivers of all classes according to criteria as it deems fit.

In order to be eligible to qualify for a RMCGF ticket a driver must have held a licence for the territory in question from the first to the last round of the any National RMC.

A driver cannot change his/her licence to become eligible to win a RMCGFs ticket in another territory after the first round has been completed.

If a driver is not respecting the rules, under any doubt ROTAX reserves the right to refuse entry to the RMCGF.

A distributor may nominate a second placed driver from an RMC to the waiting list for RMCGF. If under any circumstances a qualified driver doesn't arrive at the RMCGF till the official registration is completed, Rotax reserves the rights to add a replacement driver from the top of the waiting list to take part at the event.

This rule applies until the start of the official non-qualifying practice at the RMCGFs.

ROTAX reserves the rights to manage qualification for Project E20 events as it sees fit.

## 6. OTHER RULES

If a driver is qualified from a National, National with International participation, Continental (zone) or International RMC series / event at the same time, the qualification at the higher ranked series / event has priority for the qualification to the RMCGF 2023.

Ranking is:

1. International events
2. Continental (zone)
3. National with International participants \*
4. National events.

**\*.... Any National event with international participation requires prior approval from ROTAX.**

In such a case the next placed driver of the series / event in question will qualify for the RMCGF.

If a driver is qualified from two or more different National, Continental (zone) or International RMC series / events in the same category at the same time the driver must use the first ticket they win (defined by the final race date).

If the situation arose that a driver who is already qualified for the RMCGF is in a position to win a second ticket, this 2nd ticket in question would then be moved to the next

placed driver who is eligible to win the ticket. A driver or distributor cannot decide which ticket a driver uses for his / her entry to the RMCGF.

The status of the following events will be classified as “International”

1. ROTAX MAX Challenge EURO Trophy
2. ROTAX MAX Challenge ASIA Trophy / Festival
3. ROTAX MAX Challenge International Trophy
4. All events listed on the CIK FIA International Sporting Calendar

The status of an event is considered as “Continental / Zone”, if it is listed in the official CIK-FIA Zone Calendar.

If a driver is qualified in two or more categories, he / she must participate in RMCGF 2023 in the higher ranked category only.

It is not permitted to participate in more than one category at the RMCGF.

Ranking is:

1. DD2 MAX or DD2 MAX Master (depending on the age of the driver)
2. Senior Max or Senior Max Master (depending on the age of the driver)
3. Junior MAX
4. Mini MAX
5. Micro MAX

At any double qualification ROTAX reserves the right to decide which race series counts for the qualification to avoid any strategic behaviour of competitors.

### **Note\***

**It is strictly forbidden to offer RMCGFs for sale, the RMCGFs tickets are offered as rewards for ROTAX drivers around the world.**

\*not applicable to the Project E20 category

### **Project E20**

If a driver qualifies to race at the RMCGFs in one of the categories listed above and the Project E20, the driver must notify ROTAX via email immediately after acquiring the second ticket which RMCGFs category, they wish to participate in.

Once this email is received and accepted in return by ROTAX the decision is final and cannot be reversed. (Email : [Sara.Jerneic@brp.com](mailto:Sara.Jerneic@brp.com))

## 7. GENERAL UNDERTAKINGS

Any special national / Continental (Zone) / International regulations must be submitted to the ASN / CIK-FIA with the original application for inclusion of the RMC 2023 on the National / Continental (Zone) / International calendar. Only with the approval of the ASN / CIK-FIA such special regulations can come into force.

The supplementary regulations of the RMC 2023 consist in standard regulations drafted in English, and possibly translated into other languages.

The right to associate the name of a company, organisation or commercial make to the RMC 2023 is exclusively reserved to ROTAX. Unless there is a previous written agreement from ROTAX, no organiser or group of organisers may indicate or make believe that the said event is sponsored or financially helped either directly or indirectly by a commercial firm or organisation.

## 14. RACE EVENT

Rotax Recommends the following format below.

### 14.1 NON -QUALIFYING PRACTISE:

The discipline applied in the Servicing Parks and on the track as well as the safety measures will be the same for all practice sessions as those applied for Qualifying Heats and the races of the final phase.

The time schedule of the event must provide a non-qualifying practice for each category. They are reserved for those drivers having passed the sporting checks and scrutineering. No Driver may take the start of a Race without having participated in at least one Free Practice session. If there is a full grid of drivers, the drivers shall be divided into two series for odd and even numbers.

The use of transponders is mandatory from the beginning of the non-qualifying practice. The number of non-qualifying sessions and time for each session will be defined in the Supplementary Regulations.

The Clerk of the Course or the Race Director may interrupt Practice as often and for as long as he deems it necessary for the clearance of the track or the removal of a kart. Further, if, in the Stewards' opinion, the stop is deliberately caused by a Driver, the

times he has achieved in that session may be cancelled and he may be refused the authorisation to participate in any other Practice session. In the case of Free Practice only, the Race Director or the Clerk of the Course, with the Stewards' agreement, may decide not to resume the Practice session after such an interruption.

Should one or several Practice sessions be interrupted in such manner, no protest relating to the possible effects of this interruption on the qualification of Drivers would be accepted.

## 14.2 QUALIFYING PRACTISE

Drivers who have passed Scrutineering are allowed to attend Qualifying practice

Every lap completed during the Qualifying Practice sessions will be timed to determine the position of Drivers at the start.

Number of sessions: If there is more than one grid of drivers, sessions should be divided in one session for one group of odd numbers and one session for one group of even numbers.

Each series will comprise a maximum number of 34 or 36 Drivers (depends on the circuit)

Time per session: 8 minutes.

Drivers must be on track 3 min after Qualifying Practice started. If a driver is not on track after those 3 min the driver will be disqualified from Qualifying Practice.

The Drivers will be able to start moving their karts from the "Start Servicing Park" to the "Pre-Grid" from five minutes before the time scheduled for the start of the Qualifying Practice concerned until the end of the same Qualifying Practice period. Each Driver has to take his chassis to the "Pre-Grid" and this choice will be final. The karts placed on the "Pre-Grid" must be ready to race. As soon as the signal indicating the end of the Qualifying Practice is given, access to the "Pre-Grid" is forbidden. During the session, Drivers will take the start when they choose. Any Driver having crossed the line drawn at the exit of the "Pre-Grid" will be considered as having started, and the drivers lap time will be taken into account, whatever the circumstances. Any lap fully covered is counted. The time retained is that of the best lap covered during the session. Any ties will be decided by the 2nd best time set by each Driver, and so on in the case of further ties.

The final classification of Qualifying Practice will be drawn up as follows

- a) If there is only one series:  
the grid will be drawn up in the order of the fastest time achieved by each Driver.
- b) If there are two series:  
1st place goes to the fastest time of the 1st series (fastest time overall), 2nd place to the fastest time of the 2nd series, 3rd place to the 2nd fastest time of the 1st series, 4th place to the 2nd fastest time of the 2nd series, 5th place to the 3rd fastest time of the 1st series, and so on.
- c) If there are three series  
1st place to the fastest time of the 1st series (fastest time overall), 2nd place to the fastest time of the 2nd series, 3rd place to the fastest time of the 3rd series, 4th place to the 2nd fastest time of the 1st series, 5th place to the 2nd fastest time of the 2nd series, and so on. - And so, on according to the same principle if there are further series.

If no time is taken into account for a Driver, he/she shall take the start at the end of the grid. If several Drivers are in that situation, their starting positions shall be decided by drawing lots. If a Driver stops in the "Repair Area" or in the "Finish Park", it will be final. He/she will not be allowed to restart.

### 14.3 STARTING GRID

At the end of the final Qualifying Practice session, the list of qualified Drivers as well as the starting grids will be officially published.

Only these Drivers will be allowed to take the start of the Qualifying Heats or Prefinal and/or of the final phase.

Any Entrant whose kart(s) is (are) unable to take the start for any reason whatsoever or who has good reasons to believe that his/her kart(s) will not be ready to take the start must inform the Official in charge of the "Pre-Grid", who will advise the Clerk of the Course or the Race Director as soon as he has the opportunity.

The grids will be drawn up in accordance with the fastest time achieved by each Driver, taking into account the Qualifying Practice session(s). Should one or several Drivers achieve the same time, the tie will be settled on the basis of their second-best time, and so on.

The pole position Driver of each grid will have the choice of the pole position (on the left or right side of the track), providing that he advises the Clerk of the Course or the Race

Director as soon as he reaches the "Pre-Grid". This choice will only modify the first row, to the exclusion of the others. Failing this, the pole position Driver of each grid will take the start of the Race from the grid position designated in the Supplementary Regulations of the Competition or if it is a new circuit, on that which was designated as such by the CIK-FIA.

Access to the "Pre-Grid" will end five minutes before the time scheduled for the start of the Race. Any kart which has not taken its position on the "Pre-Grid" at that moment shall not be allowed to do so, except under exceptional circumstances left to the appreciation of the Panel of Stewards.

Any Driver who is present, with his/her kart, on the grid within the time limit will be considered as a starter.

#### **14.4 STARTING GRID PROCEDURE ON THE TRACK**

In certain circumstances, the karts will have to be placed on the grid on the track. This scenario will be specified in the time schedule of the Competition.

The launching of the Formation Lap will be preceded by the showing of boards. Each of these boards will be accompanied by an audible warning. When the "MECHANICS, CLEAR THE TRACK" is shown, all karts must be laid down on the track. At this time, the Mechanics will leave the grid to go to the "Repair Area" with the trolleys of the karts. Any kart which does not happen to be on the track at this time must immediately be moved to the "Repair Area", from where it will take the start. In that case, a Marshal holding a yellow flag will order the kart(s) concerned to leave the "Repair Area" when all the other karts have left the grid to start the Formation Lap.

Interviews may no longer take place once the three-minute board has been shown.

With the three-minute board, the "CLEAR THE TRACK" board will be shown: everybody except Drivers and Officials must leave the grid.

"30-second" signal: 30 seconds after this signal, the green flag will be shown at the front of the grid to indicate that the karts must begin a Formation Lap, keeping to the order of the starting grid and in conformity with the CIK-FIA General Prescriptions.

Should a Driver require assistance after the "30-second" signal, he or she must indicate this to the Marshals and, once the other karts have left the grid, it will be pushed to the "Repair Area", and the Mechanic may work on the kart. In this case, Marshals with yellow flags will stand beside the kart (or karts) concerned to warn the drivers on the Formation Lap.

Marshals will be instructed to push any kart remaining on the grid after the start of the Formation Lap to the "Repair Area" immediately. If a Driver starts from the "Repair Area" after the intervention of a Mechanic, he will be authorised to do so only on the orders of a Marshal, and he will take the start from the back of the formation, irrespective of the number of Formation Laps.

## 14.5 QUALIFYING HEATS

Number of laps for all categories: to be defined in the Supplementary Regulations  
Groups will be divided according to article 18C of CIK Specific Prescriptions.

Number of Qualifying Heats per group: 3

Starting positions for Qualifying Heats will be established according to article 18C of CIK Specific Prescriptions.

## 14.6 PRE-FINALS or SUPER HEAT(s)

Number of laps for all categories: to be defined in the Supplementary Regulations  
After the Qualifying Heats the results will be done according to Article 18C ~~case B~~ in the CIK Specific Prescriptions.

After Pre-Final, another classification will be established, as follows:

Each driver will get the same points as for the Qualifying Heats, according to his position at the race.

Total points will establish the classification for the Final, according to Article 18C ~~case B~~ of CIK Specific Prescriptions.

Only the first 34/36 classified drivers will be eligible for the Final. (The number of starters needs to respect the track licence limits)

In case of a tie, the best classification of the Pre-Final will be considered.

If the tie remains, it is considered the best lap of the Pre-Finals.

A driver who was disqualified from the Prefinal will not be authorised to participate in the Final.

Or

## 14.7 SUPER HEAT

The distance of the Super Heat will be approximately 15 or 20 km according to the age category of the Drivers (to be defined in the Supplementary Regulations). After the execution of all the Qualifying Heats, one or two Super Heats will take place depending on the number of participants (Case A- Case B).

For the Super Heat(s), points will be awarded as follows: 0 points to the 1st, 2 points to the 2nd, 3 points to the 3rd and so on according to an increasing progression of one

point per place. If a Driver does not take the start in a Super Heat, he will receive a number of points equal to the number of participants plus 1 in his or her respective Super Heat

If a Driver has been black-flagged or disqualified, he will be credited with a number of points equal to the number of participants plus 2 in his or her respective Super Heat. The points from the Super Heat(s) will be added to those of the Intermediate Classification of the Qualifying Heats. The cumulated total of these points will serve to establish a Final Intermediate Classification.

The first 36 Drivers in the Final Intermediate Classification will be qualified for the final phase.

Two or more Drivers who have the same points total will be split according to their classification in Qualifying Practice.

- Case A: 36 participants or fewer

The starting grid for the Super Heat will be established on the basis of the Intermediate Classification of the minimum three Qualifying Heats.

- Case B: 37 participants or more

After the Qualifying Heats, the first 72 Drivers in the Intermediate

After the Qualifying Heats, the first 72 Drivers in the Intermediate Classification of the Qualifying Heats will be divided into a maximum of 2 groups for the Super Heats.

The maximum number of Drivers in each group will be 36.

The Driver in first position of the Intermediate Classification of the Qualifying Heats will start in first position in Super Heat A, the second Driver in the Intermediate Classification of the Qualifying Heats will start in first position in Super Heat B, the third Driver in the Intermediate Classification of the Qualifying Heats will start in second position in Super Heat A, the fourth Driver in the Intermediate Classification of the Qualifying Heats will start in second position in Super Heat B, the fifth Driver in the Intermediate Classification of the Qualifying Heats will start in third position in Super Heat A, the sixth Driver in the Intermediate Classification of the Qualifying Heats will start in third position in Super Heat B, and so on, until the final grid of 36 Drivers per Super Heat is assembled/constituted.

## 14.8 FINALS

Number of laps for all categories: to be defined in the Supplementary Regulations The final classification of the event will be the classification of the final.

36 drivers will take part in it. Starting positions will be determined according to the Final intermediate Classification

- a) determined according to the Final Intermediate Classification established after prefinal
- b) determined according to the Final Intermediate Classification established after Heats and the Super Heat(s).

During the Final, any Driver about to be overtaken or who has been overtaken by the race leader for any reason whatsoever will be shown the blue and red flag (double diagonal) with his number. He shall compulsorily go to the scales in the Parc Fermé and will be classified according to the number of laps that he has actually completed.

Classifications in case of Super Heat(s)

**Case A)** The classification of a FIA Karting Championship held over one single Competition will be that of the Final. The title of the FIA Karting Championship will be awarded to the Driver who has won the Final.

If the Final is stopped under Article 2.21 of the General Prescriptions and cannot be restarted and if less than 75% of the scheduled distance have been covered, the title of the FIA Championship will not be awarded.

**Case B)** The classification of a FIA Karting Championship will be established as follows: 80% of the results rounded up or down to the nearest figure will count, i.e.:

- if the number of Competitions is less than 3, all the Competitions will be retained.
- if the number of Competitions is between 3 and 7, the worst result obtained in the intermediate classifications (established after the Qualifying Heats) and the worst result obtained in the Finals will be discounted.
- if the number of Competitions is between 8 and 12, the two worst results obtained in the intermediate classifications (established after the Qualifying Heats) and the two worst results obtained in the Finals will be discounted.

A blank result due to a disqualification may not be discounted.

The title of the FIA Karting Championship will be awarded to the Driver who has scored the greatest number of points.

At each Competition, for the intermediate classification (established after the Qualifying Heats or Super Heat(s)), there will be an awarding of points to the top 10 classified Drivers, according to the following scale: 10, 9, 8, 7, 6, 5, 4, 3, 2, 1.

At each Competition, for the Final, points will be awarded to the top 15 classified Drivers according to the following scale: 25, 20, 16, 13, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1.

If a race is stopped under Article 2.21 of the General Prescriptions ( Suspending a practice or race) and cannot be restarted and if less than 2 laps have been completed, no points will be awarded.

If more than 2 laps but less than 75% of the scheduled distance have been covered, half the scheduled points will be awarded. Full points will be awarded if 75% or more of the scheduled distance have been covered.

## 15. DEAD HEATS BETWEEN DRIVERS

If two or more Drivers finish the season with the same number of points, the highest place in the Karting Championship held over a series of Competitions (in either case) will be awarded to:

- a) the holder of the greatest number of first places in the Finals or Race 1 and Race 2 (depending on the format of the Competition),
- b) if the number of first places is the same, the holder of the greatest number of second places in the Finals or Race 1 and Race 2 (depending on the format of the Competition),
- c) if the number of second places is the same, the holder of the greatest number of third places in the Finals or Race 1 and Race 2 (depending on the format of the Competition), and so on until a winner emerges.
- d) if there is still a dead heat, the better position in the Final Race of the last Competition will be decisive.

## 16. STARTING PROCEDURE

The start signal should be given by means of lights

All categories will have rolling starts with the exception of Project E20 which will be standing start only as defined in the RMC Global Sporting regulations Project E20. Drivers may only restart themselves and no assistance may be given.

Any driver who is present, with his/her kart, on the grid within the time limit will be considered as a starter.

At the end of the Formation Lap, Drivers will proceed forward at a reduced and constant speed towards the Starting Line, lined up in two lines of karts, and each line shall remain

within the lanes marked on the track. A Driver crossing the lanes is liable to be sanctioned by the Stewards, on the basis of a time penalty of 3 seconds for partly crossing the lanes and of 10 seconds for completely getting out of the corridor. When the karts approach, the red lights will be on. Karts must maintain their position until the start signal is given.

If he is satisfied with the formation, the Clerk of the Course or the Race Director will give the start by switching off the red lights. If he is not satisfied with the procedure, he will switch on the orange light, which means that another Formation Lap must be covered.

In order to regain one's position, it is forbidden to use any course other than the track used during the race. Driver who is delayed will have the possibility of regaining his grid position only if this manoeuvre does not impede other Drivers and in all cases before having reached the Red Line which will be materialised on the track, equipped with a timekeeping loop and indicated by the Race Director or the Clerk of the Course at the Briefing.

If he considers that a Driver has been immobilised as a result of another Driver's mistake, the Clerk of the Course or the Race Director may stop the Formation Lap and start again the Starting Procedure on the basis of the original grid or allow the impeded Driver to regain his position.

Any attempts to jump the start or delay it and any karts leaving the lane before the lights are switched off shall be sanctioned according to Article 2.20a of the General Prescriptions.

As soon as the start has been given, racing conditions are applied and, irrelevant of the position of a kart on the track, it is forbidden to give it any assistance, except for parking it to a safe location.

#### a) STOPPING / RESTARTING A RACE

The procedure which will be used should it become dangerous to continue with a race will be a Suspension and Resumption of the race in accordance with CIK-FIA General Prescriptions Articles 2.20c, 2.21 and 2.22 .The race will be suspended by the showing of red flags in accordance with General Prescriptions Article 2.21 and, if appropriate, resumed with a "SLOW" process in accordance with General Prescriptions Article 2.20c and 2.21.

#### **Note**

**No reserve karts are permitted in the Servicing Park.**

The race classification will be the finishing order at the showing of the chequered flag at the end of the resumed race.

## 16.1 RESUMING A RACE WITH “SLOW PROCESS”

If a Race is suspended under Article 2.21, the resuming procedure will be conducted with the “SLOW” process. At the order of the Race Director, Drivers will proceed to start in a neutralised situation for one or more laps. The Marshals’ Posts will display “SLOW” boards with static yellow flags. If the formation is satisfactory, the Race Director or the Clerk of the Course will signal the resuming of the Race by means of a waved green flag at the Line. Overtaking will remain prohibited until the karts have crossed the Line. On approaching the Line, where a green flag will be waived by the Race Director or the Clerk of the Course, the Drivers may accelerate only after crossing the yellow line preceding the Line. The yellow flags and the “SLOW” boards at the Marshals’ Posts will then be withdrawn and replaced by waved green flags. These flags will be displayed for a maximum of one lap.

## 16.2 SUSPENDING A PRACTISE OR RACE

Should it become necessary to suspend the Practice or Race because the circuit is blocked by an accident or because weather or other conditions make it dangerous to continue, the Race Director (if nominated) or the Clerk of the Course (or, if he had to leave, by his deputy) shall order a red flag to be shown on the Line. Simultaneously, red flags will be shown at marshals’ posts provided with these flags. The decision to suspend the race or practice may be taken only by the Race Director (if nominated) or Clerk of the Course (or, if he had to leave, by his deputy). If the signal to stop racing is given:

### **a) During Practice:**

All karts shall immediately reduce speed and go back slowly to the Servicing Park, and all karts abandoned on the track shall be removed; Practice will be resumed as soon as possible to meet the original Practice time.

### **b) During the Race:**

All karts will immediately reduce their speed and proceed as directed by the Race Director (if nominated) or the Clerk of the Course (or, if he had to leave, by his deputy).

### **c) To the “Repair Area”:**

At this point changes and adjustments are allowed including the introduction of replacement equipment – provided that was placed within “Start Servicing Park” prior to the original race start, refuelling is allowed.

### **In case of restart procedure “more than 2 laps but less than 75% of the race distance”:**

If the judge of fact reports that the front fairing on one or more karts was no longer in the correct position when the race was suspended, in all situations a time penalty of 5 seconds will be imposed automatically on the driver(s) concerned. This time penalty is not susceptible to appeal.

**d) Stop on the track at the place designated in the briefing:**

When instructed by the Race Director (if nominated) or the Clerk of the Course (or, if he had to leave, by his deputy) no changes or adjustments can be made to the original equipment (except to reset the front fairing in the correct position under the supervision of the Scrutineers) and refuelling or chassis/engine changes are not permitted. All karts must be ready at the 5 minutes board. Karts not available at this time will start from the pit lane once the race start has been given.

The classification of the Race at the moment of the suspension will be the classification when the leading kart crossed the Line at the end of the lap prior to that during which the Race was stopped and any front fairing penalty will be taken into account – and will determine the single file starting grid should the race be resumed (see Article 2.22 CIK FIA General Prescription).

**16.3 RESTART PROCEDURE****a) LESS THAN TWO LAPS**

The original start will be deemed null and void and all competitors who are able to restart the race will do so in their original grid positions – a normal start procedure will be adopted. The length of the new race will be the full original race distance.

**b) MORE THAN 2 LAPS BUT LESS THAN 75% OF THE RACE DISTANCE**

(Rounded up to the nearest higher whole number of laps)

If the Race can be resumed (at the discretion of the Race Director (if nominated) or the Clerk of the Course (or, if he had to leave, by his deputy), Article 2.22 CIK FIA General prescription will apply. The single file grid will be determined by the finishing order when the leading kart crossed the Line at the end of the lap prior to that during which the Race was stopped. Only karts in the Repair Area at the time when the Race was stopped by the Red flag, will be allowed to take the restart. Should a restart of a race in the final phase not be possible, half championship points will be awarded for this race.

**c) NO RESTART PROCEDURE**

75% OR MORE OF THE DISTANCE OF THE RACE (Rounded up to the nearest higher whole number of laps).

The race will be called complete – the classification of the Race will be the classification at the end of the lap prior to that during which the signal to stop the Race was given. In case of a race in the final phase, full championship points will be awarded for this race.

## 17. SERVICING PARK

Only **ONE** driver per kart and **ONE** mechanic is allowed in "Servicing Parks" and only with proven passes. No karts/persons are allowed to enter "Servicing Park" with any liquids (except water in clear transparent plastic bottles, for drinking purposes).

### 17.1 PRE-GRID

- a) The pre-grid gate closes **3-minutes** before race time. Any kart which has not taken its position on the pre-grid at that moment will not be allowed to do so, except under exceptional circumstances left to the discretion of the clerk of the course.
- b) Mechanics must clear the pre-grid immediately.
- c) Karts on the pre-grid must be ready to race, all further work and or adjustment (except for tyre pressure) to the kart on the pre-grid is strictly forbidden  
– **NO TOOLS – except tyre pressure gauge**
- d) Any kart which needs mechanical assistance to start must do so at the rear of the grid and remain at the rear until after the race start respective the number of formation laps.
- e) Karts on the pre-grid are prohibited to return to the service park.
- f) During qualifying should a driver require assistant after the "30-second" signal in the timed qualification the 2 best laps will be annulled.

## 18. SCALE / WEIGHING PROCEDURE

- a) The scale of the day will be in the "Servicing Park". This scale is the **ONLY** one which will be officially used and counted. The scale will be available from the first non-qualifying session.  
After Qualifying Practice, the Qualifying Heats and the races of the final phase, each kart crossing the Line will be weighed. If the kart is unable to reach the Weighing Area by its own means it will be placed under the exclusive control of Marshals, who will take it there or have it taken there, and the Driver shall report to the Weighing Area as soon as he returns to the pits so that his weight may be established.
- b) Driver needs to stand on the scale with all racing safety equipment
- c) No solid, liquid or gaseous matter or substance of any nature whatsoever may be added to a kart, placed on it or removed from it before Weighing (except by a Scrutineer within the framework of his official duties).
- d) Only Scrutineers and Officials may penetrate in the Weighing Area. No intervention whatsoever is allowed in that Area unless it has been authorised by these Officials.

- e) A kart or a Driver are not allowed to leave the Weighing Area without the authorisation of the Technical Delegate (or Scrutineer).
- f) Any infringement to these provisions relating to the Weighing of karts may entail the imposition of a penalty on the Driver and kart concerned.
- g) If the weight of a Driver and of his kart is under that specified in the Technical Regulations, the result will be communicated in writing to the Entrant, and the kart and its Driver will be disqualified from the Qualifying Practice session or from the Qualifying Heat concerned or, in the case of a final phase Race, as a minimum classified last (Without allocation of any Championship points, if applicable).
- h) Drinking water from a clear plastic bottle is allowed in the servicing park before weighing (if approved by the technical delegate), however any driver pouring water over his/her head and race overall will be penalized with an additional - 1 (one) KG on the weight of kart and driver

**(i.e. Junior 145 - 1 = 144)**

## 19. FRONT FAIRING

The use of a CIK FIA homologated Front Fairing and the CIK FIA homologated Front Fairing Mounting Kit of the bodywork homologation period 2021 – 2023 is mandatory, in accordance with CIK Specific Prescriptions, article 30 and CIK Technical Drawing No 2d. The provisions of CIK Specific Prescriptions, article 30 regarding mounting, installation, checking, reporting of breaches and application of penalties will be applied in full.

## 20. CLASSIFICATION AND AWARDS

The classification of the RMC 2023 will be that of the relevant event / series regulations

Trophies will be awarded in each class for the first three finishing drivers of the final of the RMC 2023 events / series.

## 21. PODIUM CEREMONY

The drivers classified 3rd, 2nd and 1st in the final winners as determined in according with the supplementary regulations of each championship shall climb on the podium one after the other.

The winning driver's national anthem will be played and the national flags of the first three finishers will be hoisted.

The first 3 competitors must wear their overalls zipped up at prize giving ceremonies.

If caps are supplied by the organiser of the RMC 2023, they must be worn by the drivers during the podium ceremony.

All drivers agree that ROTAX and its sponsors may use photographs or videos of RMC races (including names and photographs of drivers) for advertising, publicity and public relations purposes.

## **22. NOTIFICATIONS AND STEWARDS DECISIONS TO DRIVERS / ENTRANTS**

All notifications summons and Stewards decisions regarding a specific Driver / Entrant will be sent electronically to the Driver's / Entrant's mobile phone using an application developed by ROTAX for this purpose, named ROTAX GLOBAL. Or will be officially published on the official driver's board.

## **23. HOW DOES THE ROTAX GLOBAL APP WORK?**

The ROTAX GLOBAL APP is free of charge and is available for download for IOS and Android.

The ROTAX GLOBAL APP requires internet access.

During driver's registration process Driver / Entrant will get his own and unique QR code (also known as EDIT code). With this code, Driver / Entrant will register in his/her mobile phone and the system recognizes that those are the registered persons as the official receivers of the notifications.

It is the responsibility of Driver / Entrant to keep this code confidential.

This ROTAX GLOBAL APP will communicate with the EVA Event Management system (EMS).

The EMS is the communication platform used internally by the organizer and the stewards and it will record the time that all the information / notifications will be sent to Driver / Entrant and the time when the Driver / Entrant read the notification.

## **24. COMMUNICATION FLOW**

Stewards will send the notification or decision via EMS to the Driver / Entrant and all the registered users will get this information immediately on their mobile phone.

When Driver or Entrant reads the notification, the EMS immediately records the time at which the notification was read, thus officially confirming the notification sent to the Driver / Entrant.

During driver's registration, the organizer will provide all the important information how to use the App and how to register.

At the Drivers Registration, the Entrant will sign a document stating that he/she will be responsible to register in the ROTAX GLOBAL APP all the starting numbers which he/her is responsible for as an Entrant, to check with the due diligence if he is receiving any notification and to guarantee that during the event period his mobile phone is connected to the network. Driver / Entrant must register with the QR code given during the driver's administration.

In case of loss, damage or battery failure of the mobile phone, it is Entrant's responsibility to register in another mobile phone, in order to assure he/she will receive the notifications and the steward's decisions.

In the event of internet failure in the paddock area, the Entrant / Driver will be notified personally.

## 25. INSTRUCTIONS AND COMMUNICATIONS TO ENTRANTS

All classifications and results of qualifying practice, the qualifying heats and the race(s) of the final phase, as well as any decisions of the officials of the event will be sent to the ROTAX GLOBAL APP and posted on the official notification board.

## 26. FINES

A fine may be inflicted on any entrant, driver, assistant, organizer who does not respect the prescriptions of the officials of the event.

In case of a disqualification (based on a decision of the panel of stewards of the event) from the event, the organizer reserves the right to charge a penalty.

Fines imposed by the Stewards must be paid to the organizer immediately.

## 27. PROTEST AND APPEALS

~~The right to protest lies only with the entrants. Protests and/or appeals must be in accordance with Article 13 and 15 of the International Sporting Code.~~

- ~~▪ Amount of the Protest fee: 900€~~
- ~~▪ Amount of the Appeal fee: 3000€.~~

~~• Amount of the international Appeal fee (FIA): 6.000€.~~

The Supplementary Regulations shall include all the necessary information concerning the amount of the protest or appeal fees set by local ASN

The right to protest lies only with entrants. They must be presented in writing to the clerk of the course or to his deputy within **30 minutes** after the posting of the results of the qualifying practice and qualifying heats (including the second chance heat), as well as of the races of the final phase. They shall be accompanied by the fee provided for by the ASN as indicated in the supplementary regulations.

The deposit may be paid in the currency of the organizing or as defined in the supplementary regulations.

In the absence of the clerk of the course or of his deputy, they shall be addressed to the stewards of the event or to one of them.

~~In accordance with Article 12.2.4 of the International Sporting Code, time penalties imposed by the Panel of Stewards for infringements of the regulations are not susceptible to appeal.~~

## 28. PADDOCK RULES

A Paddock Observer will be appointed as a Judge of Fact in respect of the following paddock rules:

Starting of engines is only allowed in the designated area / Servicing Park and engines may only be run in the designated area / servicing park for a maximum of 5 seconds. A driver starting an engine outside these areas, or exceeding the permitted running time, will be penalized with a fine of 150€. A second offence may lead to exclusion.

It is strictly forbidden to smoke or to use any device which risks provoking fire in the Paddock area, the Servicing Parks, the Parc Ferme, the Assembly Area, on the starting grid or on the track (along the course). Offenders, including Officials, will be penalized by a fine of **125 €** and may be asked to leave the circuit. This includes the use of electric cigarettes / vaporisers.

It is forbidden to cook in the Paddock, except with a special authorization from the Organizer.

Children under 7 years old who are not permanently accompanied will not be admitted in the Paddock Area. Animals who are not kept on a leash will not be authorized in the location.

It is forbidden to use motorized vehicles (except authorized by the Organizer) such as mini- motorcycles, scooters etc., in the Paddock Area under the pain of exclusion.

## 29. FIRE EXTINGUISHERS

For safety reasons the organizer will provide all the servicing park area and pre-grid with the necessary and sufficient quantity of fire extinguishers.

## 30. CODE OF CONDUCT FOR DRIVERS

- a) All participants must play within the rules and respect race officials and their decisions.
- b) All participants (Drivers, Entrants, Mechanics, Officials) must respect the rights, dignity and value of their fellow participants regardless of gender, sexual orientation, ability, physical appearance, race, skin colour, language, political opinion, family disability, cultural background or religion.

**There is absolutely NO TOLERANCE for the manifestation of discrimination toward above mentioned.**

- c) All participants must encourage and take responsibility for their actions at all times.
- d) All participants must ensure their equipment is safe and race worthy, prior to taking part in training, testing or race events. Only approved racewear (e.g.: helmet, gloves, race boots and suit) to be used by the driver, according to the regulations.
- e) It is the participants own responsibility to identify and measure his/her own skill level against his/her competitors, and take responsibility for the risks associated with training, testing and or racing. It should be noted that a basic level of competence is required.
- f) It is the participant's responsibility to declare, prior to any participation in training, testing or racing, of any medical condition or medication required that may be relevant in the event of an emergency.
- g) All participants are required to display courtesy and etiquette to other members and participants in training, testing and race events. Any disputes or problems that may arise during an event must be addressed in a respectful manner, to the correct person (official) at the event.

- h) The safety of children within the sport is a priority. Knowledge of the code of ethics surrounding care of children in sports will be promoted and encouraged. It is the participant's own responsibility to ensure the safety of children at training, testing or racing events.
- i) When taking part in any event, it is the responsibility of the driver to take the time to read and fully understand the posted rules, regulations and conditions for said event prior to start time, thus eliminating unnecessary delays at the beginning of the event. Requests for clarification of these rules, regulations or conditions, should be asked in the drivers meeting held before each event.
- j) All participants must have respect for the environment and the surrounding inhabitants. Responsibility must be taken to reduce excessive noise and keep all areas that are used as clean and pollution free as possible.
- k) All participants must respect that drugs and alcohol are strictly prohibited at training, testing and races. It is an offence and will not be tolerated. Offenders will be excluded from the event and face further disciplinary action.
- l) Any abusive comments on social media (Facebook, Twitter etc.) between teams, competitors, officials, organizers, or any person associated with ROTAX, will be held responsible and liable for their actions

## 31. GENERAL SAFETY

- a) It is strictly forbidden for Drivers to drive their karts in a direction opposite that of the race unless this is strictly necessary to remove the kart from a dangerous situation.
- b) During Free Practice (according to the regulations of the championships concerned), Qualifying Practice, the Qualifying Heats and the races of the final phase, Drivers may use the track only and must at all times observe the dispositions of the Code relating to driving on circuits. The circuit is defined by the white lines on both sides of the track. Drivers are allowed to use the whole width of the track between these lines. If the four wheels of a kart are outside these lines, the kart is considered as having left the track.
- c) During Free Practice (according to the regulations of the championships concerned), Qualifying Practice, the Qualifying Heats and the races of the final phase, a kart that stops must be removed from the track as rapidly as possible in order for its presence not to constitute a danger or be an impediment for other Drivers. If the Driver is unable to remove the kart from a dangerous position by driving it, it is the marshals' duty to help him; ~~however, if the kart restarts as a result of such help, it will be disqualified from the classification of the Qualifying Practice or the race in which this help was provided.~~ Except for medical or safety reasons, the Driver must stay close to his kart until the end of Free Practice, Qualifying Practice, the Qualifying Heat or the races of the final phase. In the case of a

- Practice session run over two parts separated by an interval, all karts abandoned on the circuit during the first part must be taken back to the "Start Servicing Park" during the interval and may participate in the second part of Practice.
- d) Any repairs with tools are banned outside the "Repair Area". It is forbidden to take any tools and/or spare parts on board the kart. The Driver can receive help only in the "Repair Area" determined by the Supplementary Regulations or during the Briefing.
  - e) If refuelling is authorised, it may be carried out only in an area provided for this purpose.
  - f) Except in cases expressly provided for by the Regulations or by the Code, no one except the Driver is authorised to touch a stopped kart unless it is in the "Repair Area".
  - g) When the track is closed by the Race Director during and after Practice and after the finish until all concerned karts whether they are mobile or not, have arrived at the "Finish Park" or at the Parc Fermé, no one is allowed to access to the track, with the exception of marshals carrying out their duties and of Drivers when they are driving.
  - h) During Free Practice (according to the regulations of the championships concerned), Qualifying Practice, the Qualifying Heats and the races of the final phase, the kart may be restarted only by the Driver himself, except if he restarts from the "Repair Area". The Driver may not receive any outside help on the track during the running of a Competition, except in the "Repair Area", which he may reach only by his own means. Pushers are not allowed to help Drivers once they have crossed the line drawn at the exit of the "Pre-Grid".
  - i) A speed limit may be imposed in the pit lane and in the Repair Area during Practice, races and the Formation Laps. Any Driver breaking this speed limit will be imposed a penalty provided for in the Regulations or the Code.
  - j) If a Driver is faced with mechanical problems during Practice, the Qualifying Heats or the Races of the final phase, he must evacuate the track as soon as possible for safety reasons.
  - k) If a Driver is involved in a collision, he must not leave the circuit without the Stewards' agreement.
  - l) No Driver may leave the "Repair Area" without having been invited to do so by Marshals.
  - m) Official instructions will be transmitted to the Drivers by means of the signals provided for in the Code. Competitors must not use flags similar to these ones in any way whatsoever.
  - n) Any Driver who intends to leave the track, to return to the "Finish Park" or to stop in the "Repair Area" shall demonstrate his intention in due time and shall ensure that he may do so safely.
  - o) During the Competition and at the order of the Clerk of the Course or the Race Director, a Driver who breaches the Technical Regulations, except during the final lap, must stop in the "Repair Area" and remedy the breach before re-joining the track.
  - p) When participate in Free Practice (according to the regulations of the championships concerned) or Qualifying Practice, in the Qualifying Heats or the

Races of the final phase, Drivers must at all times wear the full equipment defined under Article 3 of the Technical Regulations.

- q) It is forbidden to circulate with motorbikes, scooters or any other motorised devices in the Paddock. The starting up, running in, warming up or testing of kart engines in the Paddock as well as in the Reserved Areas (see Article 20 of the International Sporting Code) is strictly prohibited. Offenders will be penalised by a fine of minimum 250 €. In the event of repeated breach, the stewards may disqualify the driver concerned of the competition. In application of Article 12.2.3 of the Code, appeals against the stewards' decisions have no suspensive effect when in the course of the same Competition, a further breach is committed justifying the Disqualification of the same Competitor.
- r) The Organiser undertakes to have on the track all safety devices provided for meetings the Circuit Regulations, Part 2, from the beginning of Free Practice until the end of the Competition.
- s) In the case of a «wet race» (conditions signalled by means of a panel by the Race Direction or the Race Director), the choice of tyres will be left to the appreciation of the Drivers, the Race Director or Clerk of the Course reserving the right to use the black flag if he deems that a Driver's kart is fitted with the wrong set of tyres and that the Driver is too slow and dangerous for other Drivers. The use of «slick» tyres is therefore mandatory in any other case.

## 32. PENALTY CATALOGUE

Participants, who commit an irregularity, shall be punished with a penalty according to the bellow regulations. Further suggestion: Involved participants shall receive a malus-point for each irregularity, which will stay valid for the whole season. If a participant has received a certain number of malus-points, he shall be excluded from the following race to which he was signed in.
